**\* NOTE FOR CAPACITY FEES**

Capacity fees for meters larger than 2" are calculated based on actual Average Daily Flow (GPD). Fees charged at initial connection.

**SPECIAL ESTIMATES**

**All meters/water taps greater than 2" and Sewer Taps greater than 6" require a special estimate.**

**Applications submitted must be completely filled out or it will be returned unprocessed to applicant.**

A **\$25.00** Re-Trip fee will be assessed when installation requires more than one visit due to site conditions. The fee will appear on the JEA billing statement.

All residential services with alternative water sources that supply irrigation systems require a backflow device installed on the potable service and failure to comply may result in disconnection of service. By signing this form you are giving JEA access to test and maintain the backflow device(s) on your premises. The JEA customer will be responsible for the device installation and replacement if needed.
